

Public Seminar

- Forest Management Policy in the Process of Decentralization -

GSID (Graduate School of International Development, Nagoya Univ.) and JICA (Japan International Cooperation Agency) are currently implementing a joint training course entitled “Forest Management Policy in Asia - Sustainable Forest Management with Collaboration between Local Government and Community” for senior officials of the central as well as local government of the mainly Asian countries (5-23 July, 2010).

Four participants of the course from Ethiopia, India and Indonesia will give detailed presentations on the JICA-aided projects they are engaged in whereas the rest of eight members are to present poster exhibits related to their country situation and activities vis-à-vis the forest management.
