**Requirements for a Master’s degree:**
1. To be awarded a Master’s degree, the student is required to earn a minimum of 30 credits including at least 18 credits from lecture subjects, complete a thesis acceptable to the GSIS and pass an oral examination.
2. In order to earn a Master’s degree, the student is required to satisfy the requirements determined by the program in which she/he is enrolled as a major field of specialization.
3. DICOS common subjects may be counted either as GSIS common subjects or required elective subjects offered as part of the requirements for completing the program.
4. The student is allowed to earn up to 10 credits from other faculties within Nagoya University, if approved by her/his academic advisor.
5. The student may take subjects other than those required by the program, if approved by the program director.

**Notes:**
Comparative Study of Legal and Political Systems Seminar I–II are not offered every year. Current subject offerings and instructors will be announced at the beginning of each academic year.
